

REMARKS

Applicant gratefully acknowledges the Examiner's statement that claims 1-17 contain allowable subject matter. No claims have been amended. No new matter is included. Claims 1-17 remain pending in this application.

The specification stands objected to based on certain informalities. Applicant has amended the specification to address the concerns of the Office Action. Applicant has replaced numerous paragraphs containing the grammar and spelling informalities. Additionally, Applicant has amended the terms "patent document 1" and patent document 2" to recite JP Publication Nos. 08-105955 and 07-106839, respectively. Applicant is filing, concurrently herewith, an Information Disclosure Statement citing the two previously mentioned Japanese patent documents.

Accordingly, Applicant respectfully requests that the objection be withdrawn.

In view of the above amendment, Applicant believes the pending application is in condition for allowance.
